OUR HISTORY & FOCUS

- Established in **2012**, we set out to support small operators with their back office needs providing “Fractional Services” focused in the back office; Accounting, Tax, Financial Management.
- In **2015** we bolted on technical services; Land, Geology, Petroleum Engineering and Facilities Engineering.
- In **2019** we expanded our services once again into operational services; Wellsite Supervision and Project Management, opening the door to Contract Operating.

Today we have grown to **49** staff members supporting clients in **7** states with expertise in nearly every major basin.
